

Training in GEOSS Common Infrastructure – VIA WEBEX
September 8, 2010

Dear Colleague,

The Committee on Earth Observation Satellites (CEOS) and the GEO Secretariat invite you to participate to the Training on Registering Resources with GEOSS that will be held on 8 September, via WEBEX. The training will be conducted by Doug Nebert, from USGS.

GEO Members and Participating Organizations are invited to register EO resources that they wish to share as a formal contribution to GEOSS. This is done through a registration process using the GEOSS Component and Service Registry, as part of the GEOSS Common Infrastructure. Registration is the first step in making data and services available to users through the GEO Web Portal. This training provides background information on the GEOSS Common Infrastructure, and presents in detail the steps to be taken for Components and Services Registration.

We would therefore appreciate it if you could participate in this Training on GEOSS Common Infrastructure (GCI) and registration of components and services.

Please confirm by Sep 03, 2010, at ceos.inpe@dpi.inpe.br. We hope you can join us!!

CEOS Chair Team

Dialing arrangements:

Time: 3:00 pm, Europe Summer Time (Paris, GMT+02:00)

Meeting Number: 705 159 111

To join the online meeting:

- 1. Go to <https://geosec.webex.com/mw03061b/mywebex/default.do?siteurl=geosec>*
 - 2. Enter your name and email address.*
 - 3. Enter the meeting password: Geoss0*
 - 4. Click "Join Now".*
